Dear Michigan Republican Party Members,

It is with an eye toward the future that I endorse Chris Long for Michigan Grassroots Vice Chair. Chris has the heart of a patriot and is fighting for the next generation. He has already fought in the battle against corporate welfare in the guise of Gotion Inc. in the Big Rapids/Mecosta County area. There, he joined hands with other faithful warriors to put down a threat from the Chinese Communist Party that desires to not only take our land but our way of life.

Chris Long stands for freedom from oppression and tyranny. I believe that he will have an impact upon the new generation of Grassroots Republicans that is growing across Michigan and the United States.

My prayer for Chris is that he will NOT be a politician but a patriot. Politicians are concerned about the next election while patriots are focused on the next generation.

Thank you for your consideration of Chris Long as Michigan Grassroots Vice Chair.

Sincerely,

Joseph D. Fox

State Representative
For the 101st District
