# **Michiganiaan of the Year 2024 Lori Brock Endorses Chris Long for Grassroots Vice Chair**

Dear Delegates,

There has been much talk over the last few years about the power of grassroots activism, but here in Mecosta County, I've seen it firsthand in our fight against the Chinese Communist Party's Gotion project. My name is Lori Brock, and my home - the Majestic Friesians Horse Farm - is directly across the street from the site where Gretchen Whitmer attempted to force this project onto our community.

The term grassroots really means everyday people getting involved, taking a stand, organizing, and affecting change from the ground up. That's what we've been doing successfully in Mecosta County, where we took back multiple Townships and County Commission majorities by activating our friends, neighbors, and our entire rural community to get out the vote, and if we want to win Michigan back in 2026, that's what we need to do Statewide. This is why I enthusiastically endorse Chris Long for Grassroots Vice Chair of the MIGOP... he has been one of the most important leaders in our grassroots fight against Gotion, and he has a plan to dramatically improve the MIGOP's grassroots effort.

The leadership that we choose at the upcoming State Convention could determine whether we stop the radical left's stronghold on our State, or we watch Michigan permanently transformed into New York or California.

This is the tipping point - and we have to decide right now whether we are going to transform our party's grassroots efforts into a well-organized and strategic effort that is focused on engaging voters, partnering with grassroots leaders and organizations across our State, and winning elections... or we simply continue doing what has failed us the last few State election cycles. Chris Long is the transformative leader that we need to lead our party's grassroots efforts into the future, and I know from working side-by-side with him, he will never be out-worked. He has the right plan to unleash the power of grassroots Statewide, and you can see it for yourself at [GrassrootsStrong.com](http://GrassrootsStrong.com)

Please join me in supporting Chris Long for Grassroots Vice Chair... and together, let's Make Michigan Great Again in 2026.

Sincerely,

Lori Brock
